

## COMPETITION

### TIME

Imagine it's 2040, and you have the power of lightning-fast, reliable, everywhere-available connectivity with no lag. What superpowers can that bring? How it can benefit society, citizens, and businesses?

**Dream big, and let's shape a brighter future together!**

There are five themes to choose from.

Select the one that appeals to you most and **WOW** us with your competition entry!

**Home** - What do you think the house of 2040 will look like?

**Virtual assistants** - We all know about Alexa and Siri; what do you think the virtual assistant of 2040 will be able to help us with? Or maybe they'll be a thing of the past, and something else will take over?

**Healthcare** - How can we improve patients' hospital experience? What does the hospital of the future look like? Or maybe connectivity could mean fewer people going to hospitals and more remote care?

**School** - What do you think the school of 2040 will look like? Will there be more options for school from home? How can the school experience be enhanced with the power of connectivity by 2040?

**Transport** - Will there be new ways of travelling in 2040? What will that look like?

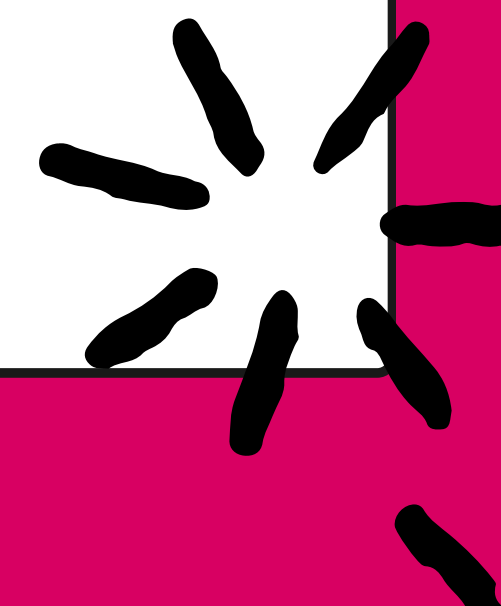

### Here's how to enter:

Choose a theme that interests you and explain your idea in 400 words or less. Attach a photo or visual up to 1MB, and include a link to a short clip on YouTube, Tik Tok or Vimeo if desired.

Your teacher/headteacher will select up to 5 entries per school and submit the form. The deadline is April 26th at 11.59pm.

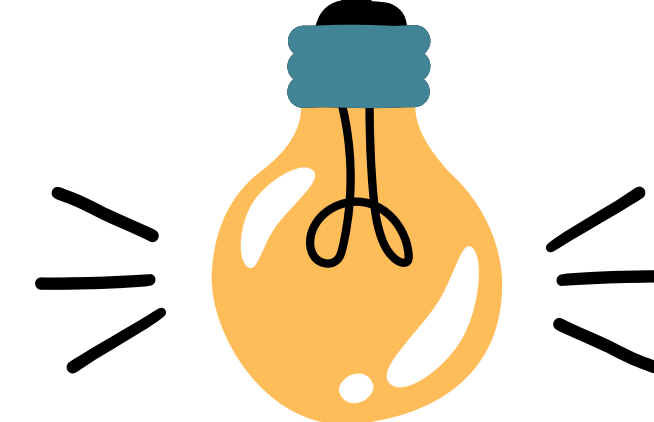

T&Cs apply.

**Win prizes  
for your  
school!**

# COMPETITION TIME

## Terms and Conditions

1. The competition is open to only primary, secondary and high schools based in the UK.
2. How to enter: Your class teacher or head teacher must complete the form [not individual pupils], selecting up to 5 entries per school [any theme]. If there is more than one school in the group – each school can enter up to 5 entries. One form per entry.
3. Maximum of 400 words per entry.
4. Please attach a photograph or any visual up to 1MB to support your entry.
5. Link to YouTube, Tik Tok or Vimeo with a short clip to support your entry [optional].
6. Selection criteria – UKTIN's Talent Advisory Group members will select the winners. The judges' decision is final. Winners will be chosen based on creative thinking and potential usage adoption.
7. Deadline – The latest entry date is 11.59 pm on 26 April.
8. Winners will be contacted w/c 13 May 2024.
9. Prizes - First prize £300 shopping vouchers for your school, two runner-up prizes of £100 each of shopping vouchers [select from Amazon or a well-known high street retailer]. These will be electronic vouchers sent to the school.
10. Winners must agree to publicity, which will help to highlight the creativity of the pupils at your school and continue to raise the profile of careers in connectivity.
11. Entrants must agree for UKTIN to use any of the entries on our websites, social media, or other materials that may help us raise the profile of careers in connectivity, with accompanying credit to the school that supplied the entry.
